

# Meeting Information

- Conference Line 1 (415) 930-5321
- Access Code: 386-169-436 #
- Enter your audio PIN ID #
- Technical difficulties? Email [Jenna.Frkovich@iphionline.org](mailto:Jenna.Frkovich@iphionline.org)

# Webinar Instructions

Submit your questions through the questions box positioned on the right hand side of your screen. We will try to answer all the questions today. They will be posted on our website at [dashconnect.org](http://dashconnect.org)

# Data Across Sectors for Health

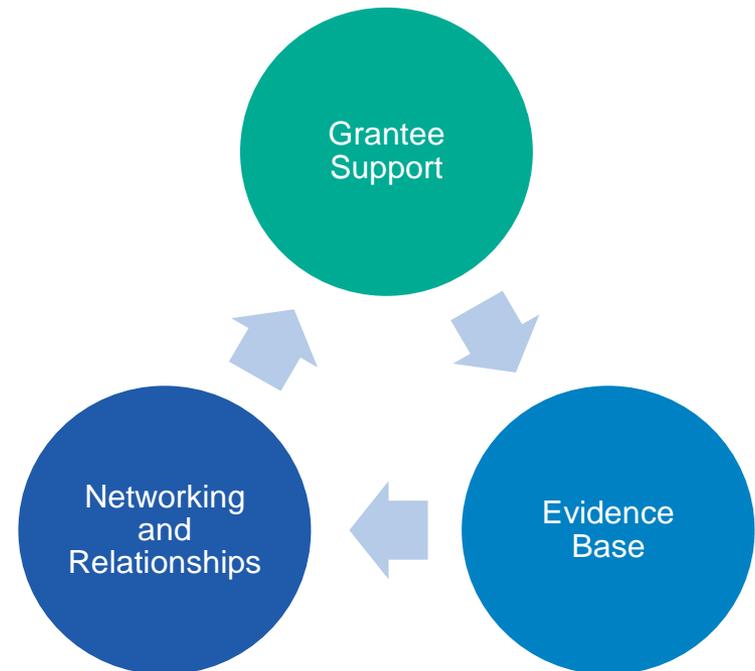

## **CIC-START Call for Applications Informational Webinar**

*Thank you for your interest in DASH*

# DASH Focus

1. Work with grantees and partners to test, implement, and document innovative practices
2. Build and disseminate successful practices and evidence base for the field
3. Cultivate relationships among experts to co-create a national movement to support local initiatives

# All In: Data for Community Health

1. Support a movement acknowledging the social determinants of health

2. Build an evidence base for the field of multi-sector data integration to improve health

3. Utilize the power of peer learning and collaboration

# CIC-START Purpose and Activities

**Purpose:** To direct technical assistance and/or limited, targeted funds to build community capacity to share and use multi-sector data.

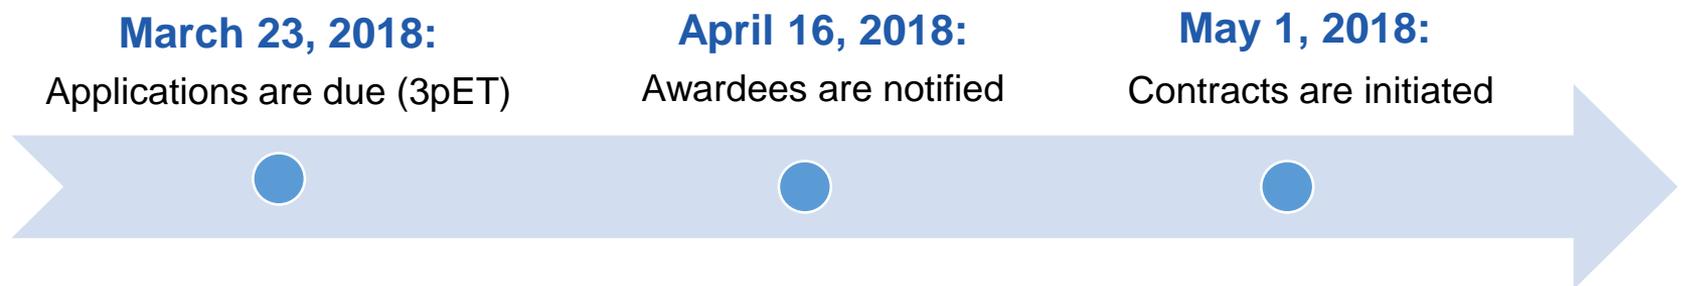

## Potential Activities

- Develop, test, and implement a collaborative multi-sector data governance model
- Advance an existing multi-sector data system
- Engage experts to address a problem or opportunity
- Convene meetings
- Create internal or external communication or education materials
- Train others to analyze or use the multi-sector data system
- Document or codify processes
- Leverage additional funds leading to a greater, specific outcome

# CIC-START Call for Applications

- Up to 6 organizations
- Up to \$25,000 contracts (90% on award, 10% on final report)
- Up to 6 months project duration

## Timeline

# CIC-START Eligibility Criteria

- A member of All In (details in the next slide)
- Strong, active relationships among organizations in two or more sectors that have roles relevant to specific, mutually acknowledged community health or community wellbeing goals or objectives.
- Have a multi-sector shared data project documented to be in the planning, implementation, scaling or evaluation phase of sharing data or using connected information systems.
- A clearly defined problem that your collaboration can address with the contract funds
- A 501(c)(3) organization based in the United States or its territories

# All In Membership Guidelines

- Must have one of the following:
  - A current or past member of an existing community or regional collaboration funded by an All In partner
    - Data Across Sectors for Health
    - Community Health Peer Learning Program
    - BUILD Health Challenge
    - Colorado Health Foundation – Connecting Communities and Care
    - Public Health National Center for Innovations
  - Attended 2017 *All In* National Meeting
  - Created a profile on the *All In* virtual platform ([allin.healthdoers.org](http://allin.healthdoers.org)) by the time of the application deadline
- Any *All In* member is able to apply, but communities that are not currently funded by *All In* partners will be given preference

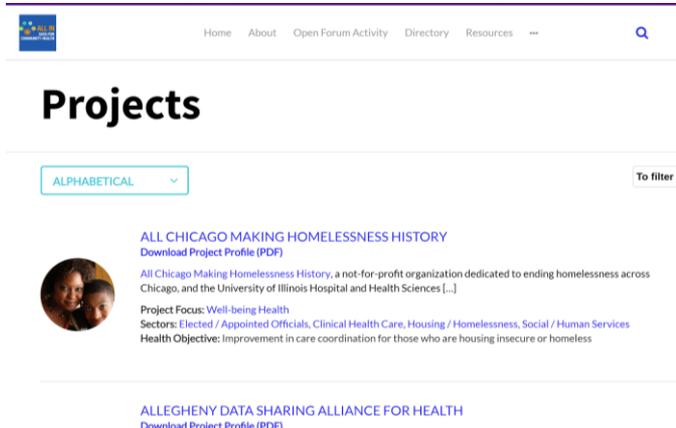

# Joining All In: Data for Community Health

peer learning collaborative

- Individual stakeholders register and create profiles at [allin.healthdoers.org](http://allin.healthdoers.org) (Be sure that everyone in your group enters the same “collaborative/project name”)
- The project will receive a questionnaire to fill out details for the Project group snapshot
- Members will complete the Capacity Assessment

The screenshot shows the homepage of the All In: Data for Community Health Virtual Collaboration Platform. The header includes navigation links for Home, About, Open Forum Activity, Directory, and Resources, along with a search icon and a user profile for Michele. The main banner features the text "ALL IN DATA FOR COMMUNITY HEALTH" and lists several partner organizations: Community Health Peer Learning Program, Data Across Sectors for Health, The Colorado Health Foundation, BUILD Health Challenge, and Public Health National Center for Innovations. Below the banner, a welcome message states: "Welcome to the All In: Data for Community Health Virtual Collaboration Platform! The All In virtual collaboration platform is an online community of individuals dedicated to improving community health through multi-sector data sharing and collaboration. It is designed to help you connect with other professionals tackling common challenges, share resources and news, and learn about new ideas and best practices. Click here to learn more about the All In Network. Read our blog and sign up for the All In Newsletter here. If you would like to sign up to use this collaborative platform, please use the link in the upper right of the window. Be sure to fill out your profile so that we can approve your membership."

The screenshot shows the Projects page of the All In: Data for Community Health Virtual Collaboration Platform. The header includes navigation links for Home, About, Open Forum Activity, Directory, and Resources, along with a search icon. The main heading is "Projects". Below the heading, there is a dropdown menu set to "ALPHABETICAL" and a "To filter" button. The first project listed is "ALL CHICAGO MAKING HOMELESSNESS HISTORY", with a "Download Project Profile (PDF)" link. The project description states: "All Chicago Making Homelessness History, a not-for-profit organization dedicated to ending homelessness across Chicago, and the University of Illinois Hospital and Health Sciences [...]". The project focus is "Well-being Health" and the health objective is "Improvement in care coordination for those who are housing insecure or homeless". The second project listed is "ALLEGHENY DATA SHARING ALLIANCE FOR HEALTH", with a "Download Project Profile (PDF)" link.

# DASH Selection Criteria

- An articulated project plan and timeline, with a clear outcome and deliverables, responsive to the “START” criteria:
  - **Strategic** – Degree to which the contract advances the overall collaboration purposes and goals
  - **Timely** – Degree to which the proposed contract address an immediate or urgent need or opportunity
  - **Actionable** – Likelihood that the contract is practical and can be accomplished as planned
  - **Replicable** – Likelihood that the lessons generated in the contract will be instructive or relevant for other communities
  - **Targeted** – Has a specific aim and direction, either relationally, systematically or geographically

# DASH Selection Criteria

- A project budget and budget narrative
- Participation in the All In virtual platform with creating and maintaining a profile, and in discussion forums, calls, webinars, and meetings
- Evidence of documented achievements in engaging stakeholders from health care, public health, social services, and other sectors
- Variety of non-health sectors represented in the collaboration
- How completing the contract will contribute to progress in a broader collaborative plan towards shared data and improved health
- Description of benefits or increased capacity for associated community organizations and sectors involved in the project proposed
- Intention to share lessons and experience or appropriate deliverables in the All In network

# CIC-START Awardee Activities and Support

- Update profile on the All In virtual platform ([allin.healthdoers.org](http://allin.healthdoers.org)) and participate in CIC-START activities there
- 30-minute monthly calls with DASH staff
- Final report, exit interview and/or webinar focused on challenges encountered, lessons learned and opportunities for adaptation and replication
- Additional support could include:
  - Staff participation in low-effort in-person meetings
  - Staff support for communications and materials development
  - Staff support for documentation of activities and outcomes
  - Financial support for presenting at conferences or meetings

# Eight Tips for a Successful Application

Robert Wood Johnson Foundation

- 1. Carefully note the deadline date, time and *time zone*:  
*March 23, 2018, 3:00 pm Eastern Time***
- 2. When experiencing difficulty with the online application system, which may result in missing the deadline, applicants should contact their program administrator *immediately*. ([info@dashconnect.org](mailto:info@dashconnect.org))**
- 3. Complete your application online instead of offline.**
- 4. Submit your application well in advance of the deadline**

# Eight Tips for a Successful Application

Robert Wood Johnson Foundation

5. **Don't create a duplicate application to replace one you started but can't find.**
6. **As soon as you've completed a section in the online application system, be sure to use the “*Save, section finished*” button located at the bottom of the screen.**
7. **Remember to press the “Submit” button when you've completed your application.**
8. **Have a backup person lined up in advance to step in for you in the event of an emergency.**

# Questions?

# Contact Us

- For questions, contact [info@dashconnect.org](mailto:info@dashconnect.org)
- Applicant questions will be posted on [dashconnect.org](http://dashconnect.org) and the RWJF's application resource page
- DASH does not guarantee answers to questions asked after March 19.
