

Meeting Information

- Conference Line: 1 (415) 930-5321
- Access Code: 395-633-660
- Enter your audio PIN ID #. If you joined by phone first, you can hit #, your ID, and # again to sync your line and enable audio controls.
- Technical difficulties? Email Jenna.Frkovich@iphionline.org

Webinar Instructions

Submit your questions through the questions box positioned on the right hand side of your screen.

We will try to answer all the questions today. They will be added to the FAQs on our website at dashconnect.org/CIC-START

Data Across Sectors for Health

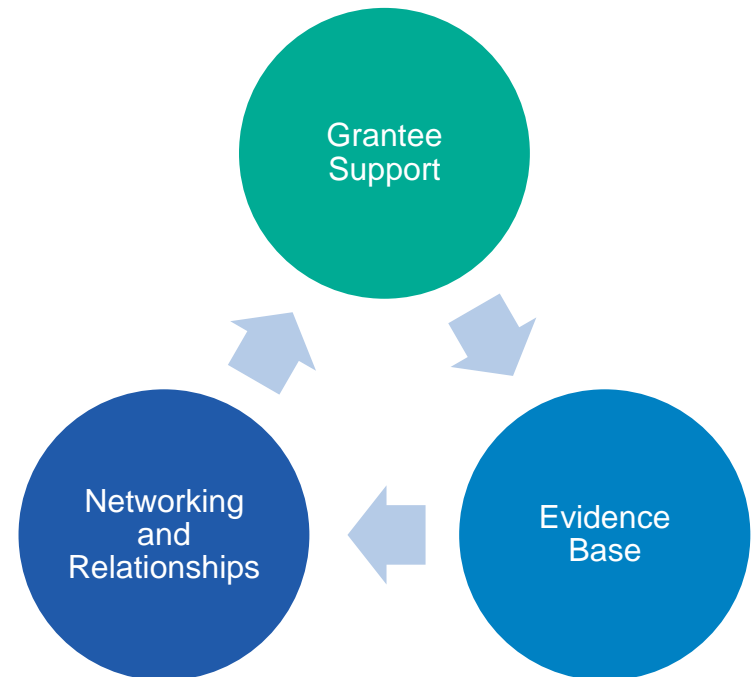

CIC-START Round 3 Call for Applications Informational Webinar

Thank you for your interest in DASH

DASH Focus

1. Work with grantees and partners to test, implement, and document innovative practices
2. Build and disseminate successful practices and evidence base for the field
3. Cultivate relationships among experts to co-create a national movement to support local initiatives

All In: Partner Focus and Network Mission

Partners support local initiatives:

Data and
Information Sharing

Multi-sector
Partners

Collaborative Effort

All In supports national impact:

1. A movement around the social determinants of health
2. An evidence base for the field
3. A network powered by peer learning and collaboration

CIC-START Purpose and Activities

Purpose

Support targeted, short-term activities that build skills and capacity to

- engage partners from multiple sectors in planning for shared data systems
- systematically share data across sectors, and/or
- design or implement initiatives based on shared multi-sector data that support community goals

Potential Activities

- Develop, test, and/or implement a collaborative multi-sector data governance model
- Advance an existing multi-sector data system
- Engage community members or experts to address a problem or opportunity
- Convene meetings to engage new sectors
- Create internal or external communication or education materials
- Train others to analyze or use the multi-sector data system
- Document or codify processes
- Leverage additional funds leading to a greater, specific outcome

CIC-START Call for Applications

- Up to 15 organizations
- Up to \$25,000 contracts (90% on award, 10% on final report)
- Up to 6 months project duration

Timeline

November 16, 2018:

Applications are due
(3:30pm ET)

December 10, 2018:

Awardees are notified

January 2, 2019:

Contracts are initiated

CIC-START Eligibility Criteria

- Have at least one active profile in the All In online community at allin.healthdoers.org
- Strong, active relationships among organizations in two or more sectors that have roles relevant to specific, mutually acknowledged community health or community wellbeing goals or objectives.
- Have a multi-sector shared data project documented to be in the planning, implementation, scaling or evaluation phase of sharing data or using connected information systems.
- A clearly defined problem and work plan that your collaboration can address with the contract funds
- A 501(c)(3) organization based in the United States or its territories

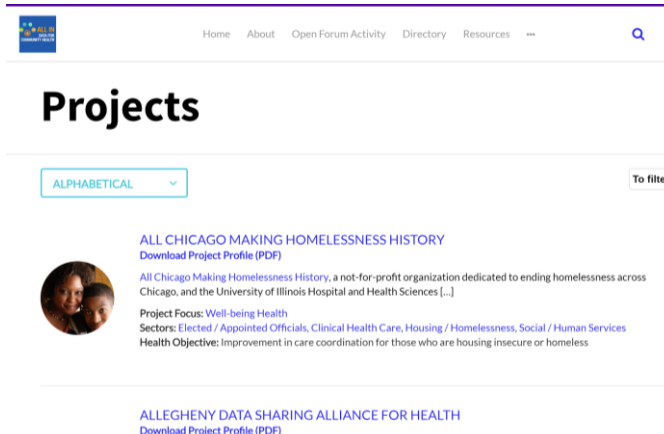

Joining All In: Data for Community Health

peer learning collaborative

- Individual stakeholders register and create profiles at allin.healthdoers.org (Be sure that everyone in your group enters the same “collaborative/project name”)
- The project will receive a questionnaire to fill out details for the Project group snapshot
- Members will complete a Capacity Assessment

The screenshot shows the homepage of the All In: Data for Community Health Virtual Collaboration Platform. The header includes navigation links for Home, About, Open Forum Activity, Directory, and Resources, along with a search icon and a user profile for Michele. The main banner features the text "ALL IN DATA FOR COMMUNITY HEALTH" and lists key partners: Community Health Peer Learning Program, Data Across Sectors for Health, The Colorado Health Foundation, BUILD Health Challenge, and Public Health National Center for Innovations. Below the banner, a welcome message states: "Welcome to the All In: Data for Community Health Virtual Collaboration Platform! The All In virtual collaboration platform is an online community of individuals dedicated to improving community health through multi-sector data sharing and collaboration. It is designed to help you connect with other professionals tackling common challenges, share resources and news, and learn about new ideas and best practices. Click here to learn more about the All In Network. Read our blog and sign up for the All In Newsletter here. If you would like to sign up to use this collaborative platform, please use the link in the upper right of the window. Be sure to fill out your profile so that we can approve your membership."

The screenshot shows the Projects page of the All In: Data for Community Health Virtual Collaboration Platform. The header includes navigation links for Home, About, Open Forum Activity, Directory, and Resources, along with a search icon. The main heading is "Projects". Below the heading, there is a dropdown menu set to "ALPHABETICAL" and a "To filter" button. The first project listed is "ALL CHICAGO MAKING HOMELESSNESS HISTORY" with a "Download Project Profile (PDF)" link. The project description states: "All Chicago Making Homelessness History, a not-for-profit organization dedicated to ending homelessness across Chicago, and the University of Illinois Hospital and Health Sciences [...]". The project focus is "Well-being Health" and the health objective is "Improvement in care coordination for those who are housing insecure or homeless". The second project listed is "ALLEGHENY DATA SHARING ALLIANCE FOR HEALTH" with a "Download Project Profile (PDF)" link.

DASH Selection Criteria

- An articulated project plan and timeline, with a clear outcome and deliverables, responsive to the “START” criteria:
 - **Strategic** – Degree to which the contract advances the overall collaboration purposes and goals
 - **Timely** – Degree to which the proposed contract address an immediate or urgent need or opportunity
 - **Actionable** – Likelihood that the contract is practical and can be accomplished as planned
 - **Replicable** – Likelihood that the lessons generated in the contract will be instructive or relevant for other communities
 - **Targeted** – Has a specific aim and direction, either relationally, systemically or geographically

DASH Selection Criteria

- Thoughtful consideration of the proposed activities' impact on equity
- Evidence of documented achievements in engaging stakeholders from health care, public health, social services, and other sectors
- Variety of non-health sectors represented in the collaboration
- How completing the contract will contribute to progress in a broader collaborative plan towards shared data and improved health
- Description of benefits or increased capacity for associated community organizations and sectors involved in the project proposed
- Intention to share lessons and experience or appropriate deliverables in the All In network
- Degree to which the budget, budget narrative, and work plan support the activities and deliverables proposed

CIC-START Awardee Activities and Support

- Update profile on the All In virtual platform (allin.healthdoers.org) and participate in CIC-START activities there
- Monthly check-in calls with DASH staff
- Final report and exit interview focused on challenges encountered, lessons learned and opportunities for adaptation and replication
- Additional support could include:
 - Staff participation in low-effort in-person meetings
 - Staff support for communications and materials development
 - Staff support for documentation of activities and outcomes
 - Financial support for presenting at conferences or meetings, and staff support for developing presentations

Eight Tips for a Successful Application

Robert Wood Johnson Foundation

- 1. Carefully note the deadline date, time and *time zone*: *November 16, 2018, 3:30 pm Eastern Time.***
- 2. When experiencing difficulty with the online application system, applicants should contact the program administrator *immediately* (info@dashconnect.org).**
- 3. Complete your application online instead of offline. You can invite others to collaborate online.**
- 4. Submit your application well in advance of the deadline.**

Eight Tips for a Successful Application

Robert Wood Johnson Foundation

5. **Don't create a duplicate application to replace one you started but can't find.**
6. **As soon as you've entered information in the online application system, be sure to use the "Save" button often. When completed, use the "Save, section finished" button located at the bottom of the screen (you will still be able to edit until you submit).**
7. **Remember to press the "Submit" button when you've completed your application.**
8. **Have a backup person lined up in advance to step in for you in the event of an emergency.**
